SEARCH NOTES (INCLUDING SEARCH STRATEGY)

| | Date | Exmr. |
|---|------------|-------|
| Search on EAST for camera with communication devices, also clock watches or wristwatches | 04/28/04 | NDH H |
| Consulted Uda for the different embodiments claimed for the transparent cover for covering the camera and the communication device | 04/29/04 | NDH H |
| Consulted Wagon for the shielding in the transparent cover and having the camera adjacent to the IR also for the type of covers having lenses. Recommended to object to claims 3, 8, 9 | 04/29/04 | NDH H |
| Consulted Wendy Barber for using the camera adjacent to the communication device having filtering properties in the transparent cover and lenses formed on said cover. Recommended to find other references to do 103 and to check some references searched by her. | 04/28/04 | NDH H |
| Consulted Tuan Hu for the transparent cover having filtering properties and the shielding in the transparent cover. Recommended a reference 5756981 and for scanners. Also recommended to object to claims 3 and 8 | 04/29/04 | NDH H |
| Consulted Uda about the possible objections. Recommended to reject them since some of them are just design choices. | 05/03/2004 | NDH H |
